Very heart breaking

Thank you for the wonderful life story.

So many memories ...birthday parties, camping, wagon trains and horse rides, card games and board games and all the family times together.

A special memory was Grampa Blacklock taught Monte to play card games. When he was only four years he could play crib as good as any adult. Monte was a precious part of our family and will be greatly missed.

All our love to his family.

Jenny and family we were so sad to hear of Monte's passing. There are many memories of visiting when we were kids and especially Monte running down the hill calling "trissteeeen". Deepest Sympathy to all the family. Our thoughts are with you at this difficult time!

Tribute from Nicole Scott

Relation: Sister

As our days start and end without you, we are left with our memories. Our minds race to find the best ones so that for at least a few moments in the midst of our pain, we can find joy in the love you gave to us. That's what we have left of you now, the rest doesn't matter, we have the love you gave to us. Thank you for the wonderful human being that you are. For being one of my heroes growing up, and the philosophy that you and I discussed and pondered I will continue to do in your honour. As if I could do anything else because my mind goes everywhere. As we try to salvage ourselves through what we know to be everyone's fate one day or another, we are reminded that the joy always outweighs the pain of life. We love even though we will eventually lose. We still eat our meals even though we know it will be gone soon. We enjoy the sun and the moon and the stars and the beauty life has to offer us, because one day we will be gone and what we will have left is the love given.

Thank you, Monte for being fun uncle Monte to my kiddos. You loved it and so did they! It's truly a beautiful thing to have seen the joy on your faces as you played and goofed with them. You showed up for me in my life whenever I needed you and have never showed any judgment. You are truly a great big bro! I miss you every second and no matter what I tell myself at the end of each day, nothing

brings you back to our lives. I am proud to cry and grieve such a great man, I am proud to know you and love you. Bye for now.
