Tribute from Tanya Fontaine

I met Pat while I was working as a summer student for social services many years ago. She was solid, and by this I mean she had a calm and accepting way that lifted up those in her presence. My 19 year old self thought she was the coolest. My condolences to the family. I'm sure her gentle spirit lives on in you all.

So sorry to the entire Butcher family. I went to school with Pat at Blue Quills First Nations. She will always be a trooper of kindness, care and justice. Pat has a heart of gold and I know her spirit soars without pain. She will always live in my heart as a kindred caring spirit with amazing patience and always was solution focused. She always honored people through active listening, caring and being there for them. Fly high in the heavens my dear. Lots of love to you always as your impact on this earth plain has left many traces of your unconditional love and legacy. Love your friend, Lise
